

## Sandisfield Green Committee Minutes January 28, 2019

In Attendance: George Riley, Anina Carr, Larry Dwyer

Location: Town Hall Annex, 2:00 PM

The meeting began at 2:00 PM with a discussion of the selection Green Community projects for 2019. Estimates were provided by Energy Resources from The Town of Sandisfield Energy Reduction Plan. Before any projects begin, three additional estimates will be requested from various contractors.

The following projects were reviewed:

- Attic insulation for the Town Annex.
- Pipe heating insulation in the basement of the Town Annex.
- LED upgrade for the Town Annex.
- Solar panel and heat pump installation in the Town Annex.
- Attic insulation for the Town Library.
- LED upgrade for the Town Library.
- Window replacement for the Town Library.

It was decided at this time not make any improvements in the Old Town Hall since the payback time was too long since the building is little used.

The Sandisfield Green Team was scheduled to meet with the Sandisfield Building Committee at 6:00 PM January 28, 2019 to discuss additional projects that may be eligible for Green Community funding.

Addition document attached:

- The Town of Sandisfield Energy Reduction Plan

Meeting adjourned 3:10 PM.
