Discussion of what to put on kiosk. Map, future plans, safety notice, history of how we came upon it, what to look for regarding flora and fauna. Needed is a mowed path to kiosk as the grass is very tall.

Would like to put up signage of who (Kevin Kiwack) built the kiosk as a donation to Yanner Park.

Discussed putting a notice in Sandisfield Times as to when meeting is planned and an article of what is going on at park.

Roadside maintenance: Thanks to Paul for going ahead and mowing in front of the sign and would like to ask town to maintain the roadside grasses.

Discussion regarding project planning. Mushroom hunt, bird boxes, etc.

Motion to purchase wooden picnic table. Adam, second Roger, all in favor

Discussion regarding parking area. Not likely we would do pavement. Would like to get some estimates on this job soon.

Adam talked to Stewardship Grant people. Looking for an estimate for invasive species what we have to match them in cost.

Proposed Account Change. If we do not spend the money do we lose it and it goes back to the town. Need to be on warrant of town meeting to have an account we can keep money in (create a revolving account).

Committee vacancy we would like to fill.
